

Minutes of the residents' council meeting on 13.01.20

Agenda

- New inspector
- Board meeting
- Study activity
- Rules of order
- Kitchen rules
- Next residents' meeting

New inspector

The new inspector is named Bo and is in his mid-40s. He was second choice at last inspector lineup and has applied again. Seems like he wants the job very much and has a good understanding of the college's programs, as well as having a crew. He has previously been a real estate clerk.

Board meeting

Wednesday 15.01.20.

There is a long agenda with 14 appendices for the board meeting.

Study activity

We have created a group that has an eye for study activity. Neil and Puk. It is agreed that we contact the study activity group and in addition also ask if others want to join the group. The group's work is to prepare a draft study activity, which the board must subsequently approve. The goal is for the draft to be prepared before the next residents' meeting and board meeting.

Rules of order

Regarding house rules. We assess that a group must also be made for the house rules, where residents can prepare a draft of rules for this. The current house rules were adopted by the residents a long time ago, which act as a "law" in the dormitory. Therefore, this must be taken up for reassessment.

It is agreed that Frederik is responsible for gathering a group for rules of order.

Kitchen rules

Like the previous two, a group must be made regarding kitchen rules.

Next residents' meeting

Next meeting in the beginning of April, so that it is possible to do the various things such as LLO.

It is agreed that a new residents' meeting will be convened on 02 April at 19.00. In the administration building.

It must be discussed

- LLO, and LLO must be invited
- New residents' council members
- Working groups
- Possibly. invite new inspector so he can meet the residents

Participants: Frederik, Laurits, Nicklas and Rebecca
