

Residents Council meeting 04.10.20.20

SAKK meeting

Laurits present SAKK:

Sammenslutningen af Københavnske Kollegier (SAKK) is a newly initiated dorm union, where residents' councils from different dorms can come together and discuss areas of interest. On the 30.09.2020 SAKK met in order to discuss dorm politics. In general, SAKK meetings is open for all, but requires signing up beforehand due to covid-19 restrictions and limited spots.

It is agreed that the residents' council of Grønjordskollegiet want to be more active in SAKK in order to have a larger platform of voice, where we can maintain the dorms' interest. As the head of the residents' council, Laurits will represent Grønjordskollegiet in SAKK.

Fa09 dorms

There is 3 dorms on Amager which are administrated by fa09: Grønjordskollegiet, Øresundskollegiet and Sofiegården.

The dorms suggested keeping social ties together for example to host larger events together (if covid-19 allows this in the future).

Articles of association

At the last residents' council meeting Martin presented the new articles of association for the residents' council in Danish.

Martin updates the residents' council on the process. He is currently working on the English translations. Once the final draft of articles of association is agreed on, we will take it up to a vote on a *residents' meeting*.

LLO membership

Laurits updates the residents' council on LLO.

LLO requires membership to be paid through the dorm's CVR through the residents' council.

The dorm board argues that this is not possible, therefore the discussion has been brought to the municipality of Copenhagen.

The municipality maintains that the membership cannot be paid through the CVR of the dorm. Thus, the municipality and LLO is currently discussing the matter.

Kitchen cleanings

Frederik is currently working on translating the new kitchen cleaning rules to English.

BR Facebook presence

The residents' council agrees to keep our online presence on our website page and Facebook page *Beboerrådet på GJK* only. This serves to keep information at a limited place and make it easy to find information. We encourage all residents to like our Facebook page, but will post reminders on Timeless in the beginning, when we make important posts.

Website

It is agreed that we will make residents' council profiles on the website, to show who we are and what we do, in order to show approachability.

Laurits and Rebecca will meet during the autumn vacation and work on the website.

Board meeting

The coming board meeting is discussed, Laurits and Martin will be attending as the residents' representatives in the board.

Elevators

The residents' council is informed that the former principal changed maintenance company for certain block elevators. We have the contract with the said company for another year. We will not prolong the contract with the given company, due to the current problems with the elevators.

Collaboration with KF

The residents' council would like to collaborate more with KF by welcoming them to our monthly residents' and joining their meetings monthly. Frederik will contact KF and suggest this.

Participants at the meeting:

Dan, David, Frederik, Laurits, Marcel, Martin, and Rebecca.
